8 Must-See Exhibits At Glasgow International

From the sublime to the miniature, erotic to the intergalactic, the eighth edition of **Glasgow International**, Scotland's buzzy contemporary art fair, is as surprising and multi-dimensional as the city itself. Making acquaintances with dragons and elephants, Biblical figures and cartoon-cut-outs, *Vogue* roamed across town in a quest for highlights - stopping for a cup of tea along the way. Here's what not to miss from the 2018 festival, on until May 7.

Tearing, splicing, weaving

From a homage to the tradition of braiding within African cultures (Sekai Machache's Braiding Across a Pool, Govanhill Baths), to fabric-photographic reconstructions of the iconic sites of NYC (Rose Marcus Core at Mary Mary), GI inspires with tactile gestures. Surely motivation enough for us to finally to sign-up to that crochet class.

Glasgow International is on until May 7.
